

NEW
ENGLAND
INNOCENCE
PROJECT

How can YOU get involved?

Public awareness and support are part of the solution!

Learn about wrongful convictions + share what you know

- **Sign-up for our e-newsletter online:** Stay up to date on NEIP news and events and join the fight for justice at newenglandinnocence.org/subscribe.
- **Follow us on social media:** Like and share our social posts and encourage others to learn about the causes, costs, and impact of wrongful convictions and how to get involved.

@NewEnglandInnocence

@NEInnocence

- **Share a wrongful conviction story:** Criminal justice-themed docuseries, books, movies, and podcasts help put a human face to the devastating statistics. Whether it's hosting a book club or movie night, help raise awareness about wrongful convictions in your community by facilitating discussions on these stories. Start with the "Mass Exoneration" podcast at massexoneration.com and our [YouTube channel](#).

Fundraise for the New England Innocence Project

- **Commit to a monthly donation:** We can not do our important work without the support of our donors. Even \$25 a month can make a huge impact by helping to provide pro bono legal services, conduct DNA testing and investigations, support our exonerees, and more. Visit newenglandinnocence.org/donate to learn more.

- **Host a virtual NEIP fundraiser event:** Create a virtual event with friends and co-workers and donate the proceeds to the New England Innocence Project. If you host a fundraiser of 50 ppl or more, we'll provide you with a NEIP guest speaker. Contact us for event ideas or to learn more.
- **Start a Facebook Fundraiser:** For your birthday or for any occasion, you can create and share a fundraiser for NEIP on your own Facebook page. Visit: facebook.com/fund/newenglandinnocence to get started.
- **Ask your company, employer or school** about sponsoring a NEIP event, making a corporate donation, or a donor match program.

Other Ways to Participate

- **Vote!** Research and vote for political candidates who support criminal legal system reforms. Participate in your local District Attorney and Sheriff elections.
- **Start an Innocence Club at your school:** Student engagement in criminal justice reform is critical and we hope to inspire young leaders to become educated on the issues and join our movement. Interested? *Contact us to learn more and receive an Innocence Club guide.*
- **Participate in jury duty:** If you are called for jury duty, take this role very seriously and serve when possible. We need people who are educated on the issues to ensure all citizens receive the presumption of innocence and a fair trial based on proven facts and established scientific evidence.
- **Attend our events:** Please join us! Check our website and social media pages for upcoming events in your area at newenglandinnocence.org.
- **Advocate for legislative reforms:** Sign-up to be notified of actions to help win legislative reforms via our newsletter at newenglandinnocence.org/subscribe.

**For questions or more information,
contact Jordan Salvatoriello at
